IN RE: COUNTY ADMINISTRATOR'S REPORT

Jonathan D. Sweet gave the following report:

- Played the "Save our Towns" video which featured Independence and Oak Hall Cap & Gowns. We wanted share this with the Board and with our citizens. We are very proud of how that episode turned out. That segment has already been broadcast on TV plus it's on the Virginia Tech website and YouTube which will give us a lot of positive exposure.
- Mt. Rogers School – has been a topic of conversation since receiving a correspondence from the Grayson County School on April 11, 2016 requesting the Board's consideration of potentially doing something with that school; more specifically disposing of it turning proceeds back into the education system. Some things have occurred at the school that prompts staff to request the Board look at this item again. We continue to have vandals which have vandalized the property – September 2013, May 2014, twice in May 2016, and again in August 2016 – broken windows, busting doors, accessing the property and destroying the property they have gained access to. It is becoming a much larger liability than it has in the past as we see frequency of vandalism. We have issued a reward for information leading to a conviction. Staff will put forth a recommendation for a potential "plan of disposition" for this property for the Board of Supervisors for next month's meeting.
- 911 street and home address signs: The newspaper did a fantastic job reporting on the discussion at the prior Board meeting. We have requested of our Sheriff's Department to proactively compile a running list of missing, damaged or leaning signs and to share directly with the Regional 911 Commission. Additionally, our

E-911 Coordinator has also asked Law, Fire and Rescue responders as well as postal carriers to directly report missing/damaged signs. The Regional 911 Commission meets quarterly and this item has been requested to be placed on the agenda. Supervisor Hash commented that they (911 Commission) have started in Elk Creek and some repairs have already been completed up along Rt. 58 and in Independence.

- Employee Health Insurance Benefit – Renewal: Staff has been tirelessly working on our Employee Health Insurance renewal. This will be placed on our October Board of Supervisors agenda as an action item, along with staff's recommendation.
- Personnel – honorable mention – The State's DSS performance data for July was just released and our benefits program staff were the only unit in the entire state (120 localities) to meet all of the performance standards set by the Commonwealth and federal government. These include measure of application processing timeliness, self-sufficiency promotion, accuracy, and lack of errors with fiscal penalty. Additionally, according to the same data source, our service unit staff continues to rank in the top 4% of the state in all of the performance measures for child welfare, further reflecting their dedication to child safety, permanency, and well-being.

Mitchell L. Smith gave the following public service announcements:

- September 24, 2016 from 10:00 a.m. – 4:00 p.m. – Heritage Day at Matthew's Living History Farm Museum where they will be making apple butter, apple cider, skilled food demonstrations and much more.
- September 24 and 25, 2016 from 10:00 a.m. – 5:00 p.m. – Grayson Highlands Fall Festival
- September 28 and 29, 2016, the Courthouse will be participating in the United Way campaign.
